John Bynum, a negro from Argenta, Arkansas, was killed by a freight train at Middlebrook Sunday morning.

The K. P. celebration June 4th, promises to be an immense success. Particulars will soon be forthcoming.

The screen factory has had a prosperous business this season. It will close down about the middle of June.

The Masonic cemetery is greatly improved in appearance this spring because of the work done therein last fall.

Collins, the Ironton livery man, has just received a lot of new buggies, and wishes the public to know that he is now better prepared to serve them than ever before.

Geo. L. Moore Wednesday morning received word that he had been appointed agent for the M. & T. railroad at Wichita Falls, Texas. This is quite a promotion and we congratulate him on his good fortune.

A good soaking rain is badly needed, and unless one comes at once all crops will be greatly damaged by the drought. There has been as little rainfall the past month as was ever known at this season of the year.

St. Paul's Episcopal Church services Sunday at 11 and 8. Evening subject: "A shelter in the time of storm." Everybody come. Instead of Wednesday evening service Thursday morning at 10, being Ascension Day.

The general opinion seems to be that the abolition of the grand jury was a wise move. Of course, there are a few people think otherwise, but they are chiefly those who desire to see their neighbors in trouble.

Hereafter all Iron Mountain trains, both through and local, will stop at Towee Grove station to take on and let off passengers, but baggage will not be handled at that station. Vandeventer avenue station has been abandoned.

The member of the school board who says he will not support Prof. Wilkinson for principal because of what the REGISTER has said in regard to the matter evidently does not seek a very good reason why he should violate the will of his constituents.

Ironton Lodge, No. 244, K. P., will hold its regular meeting Friday night this week. Very important business and work in the First and Third Degrees. Every member ought to be on hand.

H. F. Malugen left Monday for Ironton to take charge of the drug store in that place, he and Dr. Gay having bought it on Saturday before. This is the only drug store in Iron county, and it looks as though there would be good money in the business. Hayes has been in the drug business here with Blaine & Malugen for several years and is rated as a good druggist. He is a fine business man, and we are sure he will make the business at Ironton a big success.—Piedmont Banner.

For Rent—A 6-room house on corner opposite Hanson's blacksmith shop. Apply to H. Barnhouse.

There will be a Christian Endeavor Anniversary service at the Presbyterian church next Sunday at 8 p. m. Programme will consist of addresses on endeavor work, and recitations and special vocal and instrumental music. This promises to be an interesting meeting. All are cordially invited to attend.

A liberal reward will be given for her recovery, or for information leading to it. Address Jno. G. Yount, Ironton, Mo.

W. W. Hinchey of De Soto and A. A. Mehaffey of Poplar Bluff were in town Wednesday, arranging transportation rates for the K. P. celebration to be held here June 4th. There will be three special trains to the Valley that day. One from Charleston, one from De Soto and one from Poplar Bluff. The fare from De Soto, round trip, is \$1; Charleston, \$2.50; Poplar Bluff, \$1.50.

The blasts for the grading of the Missouri Southern Railroad can be distinctly heard at Centreville. The grading is completed to Pond Station and will be run to Salem soon. We have heard the report that the line will run by the way of Centreville on the hillside west of town, and will run near the farm of S. B. Hunter, which is in the suburbs of Centreville.—Reformer.

After June 1, according to a new law, the holders of all deeds of trust recorded and unsatisfied, whether the notes they are intended to secure are paid or unpaid, will be required to pay taxes on the amounts named in the instruments. It is likely that there are lots of mortgages which have been paid, but not satisfied on the records of this county that will be effected by this provision of the law.

Lemow Hart, a youth about twenty years of age, served thirty days in jail here for selling whisky without paying the government tax. He was discharged Monday, April 29th, and the Sheriff of Reynolds county was here to take him in charge for violating the State law. On the journey to Centreville, however, Hart escaped from the Sheriff, and no trace has yet been discovered of his present whereabouts.

The Ironton school board met again Monday evening and balloted 150 times for principal of the schools, without result, and adjourned to next Monday evening. Whatever the final result, the contention is unfortunate, if not disastrous to the school, and it is more to be lamented in that it is wholly uncalled for, and cannot be justified, it results from no public demand. What is the moving cause? Justify yourselves, Messrs. Directors.

Lieutenant-Colonel Thomas S. McGuire, the popular conductor on the "Cat" road, is the recipient of a letter from the adjutant general of the Missouri National Guard, instructing him to procure his uniform as soon as convenient in order to be ready to act on the governor's staff in escorting President McKinley through the state on his arrival at Kansas City about June 1st. Conductor McGuire will undoubtedly grace the gubernatorial staff with honor to himself and Southern Missouri. He possesses a martial bearing and wears the clothed with his brilliant, gold-trimmed uniform, will undoubtedly be the cynosure of all eyes.—Poplar Bluff Citizen.

Last Tuesday Superintendent Wentworth and Roadmaster Potter of the Iron Mountain railroad were in the city on a visit to Mine La Motte. It is understood the object of their visit was to buy the chat piles at the mines to be used on the road bed of the Iron Mountain railroad. There is sufficient chat out there to keep the railroad busy hauling it away for the next twenty years. It is proposed to run a switch to commence where the Catherine switch is, out to Mine La Motte for the purpose of handling the chat. The Boone Terre railroad, which is admitted to have the best road bed in the country, is covered from one end to the other with about six inches of chat, taken from the Roe Run lead company's works.—Fredericktown Democrat.

Owing to the intimate relations of the Ladies Guild of St. Paul's Church with the committee, as well as to encourage the good work which they are doing, as they have done in the past for the church, it has been thought best to have a representative of the Guild on the committee; so Bishop Tuttle has sent word of the appointment of the Guild President (Bradley) as a member of the committee or vice-committee of the church. As now constituted the members are: Mr. E. D. Ake, Warden; Mrs. H. O. Davis, Secretary; Mr. Will Hallor, Treasurer; Mr. H. E. Malhado, Church Deputy; Mr. F. T. Mayor, Mr. and Mrs. Daniel Myers, Mrs. Ake, Mrs. Wemp, Mrs. M. B. Bradley, ex officio. A meeting is called for next Monday evening at Mrs. J. T. Ake's.

The editor attended the Press Association at De Soto last Friday and Saturday, and a royal good time he had. He met, in addition to the members of the association, many friends and old-time acquaintances, for De Soto is pretty well sprinkled with former Valley residents. They were very cordial in their greetings and made things mighty pleasant. The stay in the town was so short, and the demands of the Association so urgent, that many a proffered pleasure had to be denied; but the writer begs to assure his friends that the time he flched from his sanctum to be with them will ever remain in his memory as red-letter days. A press of work this week prevents a particular and extended account of what befell him while there, as well as of the incidents coming and going; but this may be amended hereafter, along with the official proceedings of the Association. It may not be amiss to pause right here long enough to tell "the boys" that the new President is as grateful for the honor conferred as he is dubious, in this instance, of their judgment.

The following taken from the Standard (Ky.) Journal will be of interest to many of our readers: In the beautifully decorated parlors of the pretty home of Dr. and Mrs. Steele Bailey at 10 o'clock, May 1, and under a canopy of white ribbons, lilies and smilax their only daughter, Miss Isabella, and Dr. Charles Poplin Harville, of St. Louis, were united in marriage by an impressive, solemn and touching ceremony, Dr. E. M. Green, of Danville, officiating. To the strains of Mendelssohn's wedding march, artistically performed by Mrs. George L. Penny, the maids, Misses Edith Young Griggs, of Ottawa, Ill., and Ella Hart Wingate, of Versailles, entered the room and advancing to where the man of God stood, took positions to his right and left. Following them came Steele Bailey, Jr., a brother of the bride, then the groom leaning on the arm of his best man, Dr. W. P. Breath, of Galveston, Texas, followed by the maid of honor, Miss Carrie May Ritan, of Little Rock, Ark., who preceded the bride and her father. Reaching the charmed square the father gave the daughter to her future husband, who walked down the aisle made by those who had preceded them standing to the right and left, and facing the minister heard the solemn words that bound them forever and aye. A feeling prayer concluded the ceremony and after hearty congratulations had been showered on the happy pair, the guests were invited to an elegant breakfast, had solemnly served in courses in the dining room lighted with red tapers and decorated with red roses, carnations, white lilies and smilax.

Dr. Harville has won a prize and from all we can learn is as worthy of it as men ever are of lovely women. He enjoys a large practice in his native city of St. Louis, where he stands high as a gentleman and as a physician.

Henry L. Simerman has safely arrived in California. Under date of April 28th he sends the editor a letter from Los Angeles. Copyright or no copyright, we take the liberty of making the following extracts from the aforesaid letter, which we are certain will be quite interesting to Mr. Simerman's many friends here. "I am here; have been since the 20th, riding around seeing the wonders of this country. This is the most delightful country I ever had the good fortune to drop into. The surface of the earth here is like the royal palm trees and flowers in the front yards and around the dwellings, and along the boulevards, avenues and streets, it certainly looks a paradise. You should never be satisfied until you enjoy the pleasure of seeing it. For several hundred miles before you arrive here, the railroad is lined with the most beautiful flowers, as far as you can see. The snow-topped mountains on either side of the road seem to be about two or three miles away, and are at least fifty miles distant. After you leave El Paso you strike the long valleys and run between mountains for many miles. The road gradually rises until you are 4500 feet above sea level. Coming through Arizona we crossed a steel bridge 327 feet above water, and 2800 feet long. The train slowed going over so I had a good view of the bridge. Stout's creek bridge looks small in comparison. They have many beautiful parks here. I have only visited East Lake and West Lake and Central Parks. Central is a great loading place, you find people here from all over the world; this is a summer and winter resort. This city only claims 120,000 resident people. I will bet they have more street cars and automobiles and bicycles than any place I ever saw. We passed through Colton coming here, but I did not see any of our Ironton folk. Will go around and see them when I get through here. I followed a Masonic funeral the other day to the finest cemetery I ever saw. I am going up to San Francisco when they launch the Ohio. There will be a large crowd there. The distance from here by rail is 480 miles; fare, \$12.50; by steamer, \$7.35, berth and meals furnished. It costs something to travel in California. Living is not as high here as in St. Louis. You can get a furnished room here from fifty cents a week up. Meals at lunch houses, ten cents up. I have a well-furnished room—better than any room in Ironton—for \$1.50 per week. (The lunch rooms here are not in saloons.) You may hear from me again when I get better acquainted. Yours, in California."

Stevenson—Graham.

On May 1st John Stevenson and Miss Bertha Graham boarded No. 52 for Ironton, where they were united in marriage by Rev. Geo. Steel, pastor of the Baptist Church at Ironton. Mr. Stevenson is the junior member of the firm of Wm. Stevenson & Bro., at Des Arc, Mo., and Miss Graham is the oldest daughter of W. E. Graham, formerly a manager of the Holladay Hotel & L. Co., at Greenville, Mo., and her mother is the daughter of the late Andrew Wallace. She is an accomplished young lady, and Mr. Stevenson is quite fortunate in winning the hand of this beautiful young lady. They will occupy the cottage formerly owned by G. W. Morris, having refitted and furnished it with the latest style furniture. May their future life be happy, and all sunshine, is the wish of their friend, ISAAC.

Miss Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Miss Newman is a much respected resident of the village of Gray, N. Y., and makes this statement for the benefit of others similarly afflicted. This liniment is for sale by all druggists.

Shudders at His Past.

"I recall now with horror," says Mail Carrier Burnett Mann, of Levanna, O., "my three years of suffering from kidney trouble. I was hardly ever free from dull aches or acute pains in my back. To stoop or lift mail sacks made me groan. I felt tired, worn out, about ready to give up, when I began to use Electric Bitters, but six bottles completely cured me and made me feel like a new man. The dry weather the past week has made plowing and preparing ground for corn planting very difficult. Some of our farmers are through planting, while most of them are not near done plowing for corn. Prof. J. H. Turner and family, of Bismarck, visited relatives in the Valley Saturday and Sunday. C. T. Hartman had business at Edge Hill and Black the past four or five days. P. D. We notice some of the young teachers from the West End of Iron county going to Bellevue to attend the Teachers' Training School. Prof. Hawkins is a fine instructor, and all those who attend will be greatly benefited, and better prepared to pass the examinations. Mr. Edward Townsend and wife, of Flat River, are visiting relatives here. Revs. Williams, of Kentucky, and Calvert, of Leosterville, are conducting a revival meeting at Bellevue. Their labors are being crowned with success. May the good work continue. The saw mill at Kaolin has resumed work again, after having been closed down for a week. The lumber teams are again on the road daily.

Ed. Register—Owing to the long continued cool and wet weather, but little corn was planted hereabouts until the 10th instant, and ever since then the soil in the fields has been so cold—until within the past week—that germination of seeds has taken place very slowly. It is believed that an unusual amount of replanting will be necessary in the earlier planted fields of corn.

The prospects for wheat are much better than they were a month ago and, with favorable weather from now until harvest, it is thought a fairly good yield of that cereal will be reaped. Fruit trees of all kinds are laden with a super-abundance of blooms and present a lovely appearance. Never did we see so lavish a promise of abundant fruit—especially plums and apples. If but one bloom in twenty produces well matured, sound fruit, many of the trees will be loaded with all the weight the limbs can bear. To insure goodly-sized apples and peaches much thinning of young fruit will become necessary.

Meadows, in most cases, promise but little good clean hay; in fact, it is believed that unless we have an unusually wet May, the hay crop will be lighter throughout this section than it has been for several years past.

R. C. Crocker has bought the tract of land in "Brannum Hollow" that once belonged to Jas. M. Crocker, deceased. His two daughters inherited the property from their father. After several conveyances it came into the possession of Newton Short who disposed of it to R. C. Crocker. It contains over 300 acres. It is said that Mr. Crocker paid \$300 for it.

N. W. Short and family have removed to Nell's Creek, near Burgundy. The infant child of Mr. and Mrs. George Stephens, which died recently at Iron Mountain from the effects of measles, was buried in the Abbott grave yard, in this neighborhood on the 8th instant.

Deputy Sheriff Ed. Westerman was out here on official business recently. Though no juryman was chosen from this neighborhood, several persons of this locality attended court in Ironton last week.

Wm. B. Alcorn went to Howe's Mill on the 24th inst.

On the 26th inst., Mr. Azariah Yount, Jr., of near Stone Hill, Dent county, passed through here on his way to visit his sick father Mr. Wm. C. Huit, near Courtis. Mr. Huit, who once resided in this county, was long a sufferer from heart disease. He died at 8 A. M., on the 27th inst.
